Foreword

The 1966 SHIELD STAFF has looked through the windows of Hughes High. This is what we've seen.

We've seen teachers who felt it was important to know the past, the present, and the future because they believe it to be so.

We've seen young, eager faces trying to find out what education is all about and what they want to do with their lives.

We've seen basketball games, where sometimes we came home happy and sometimes sad.

Seen Through the Windows of Hughes High

We've seen our organizations where students thought it was worth while to devote time to a common goal.

We've liked what we've seen, so we, the SHIELD STAFF, invite you to look through the windows of Hughes too.

We think you'll like what you see.

These faculty members, as school counselors are always glad to sit down with us and discuss our current problems, help us make decisions and to understand more about ourselves. They encourage each of us to engage in life-long planning and counsel us on how to achieve it. They give wise and timely counsel to the girls and boys. In the absence of our principal, they assume his duties.

Honorary Members of Our Faculty

We, the students of Dudley Hughes, owe a gratitude of thanks to you. Although we often do not recognize that you are working quietly "behind the scenes," it is through a great part of your effort that we realize and enjoy the school of which we are so proud.

You get little recognition for many hours spent working hard. We would like to say to all of you, who have played such a major role in our high school life, a very sincere "thank you" and bestow upon you the Title of "HONORARY MEMBERS" of our faculty.
